Main Description

2014 Monte Carlo Yachts MCY 76

This stunning 76' Monte Carlo MCY is in immaculate condition and comes with some serious power, featuring twin MAN V8 1200 HP engines, she'll reach top speeds of up to 31 knots. The spacious flybridge offers ample space for entertainment and the most prominent innovation is the use of the bow space. An area of the yacht usually limited due to lack of comfortable seating or shade, MCY has turned this space into an inviting lounge area with ample amount of seating.

She sleeps up to 8 guests in 4 staterooms, each with en-suite facilities and a full beam master.

Sporting 2 Seakeepers to offer the most comfortable yachting experience possible.

Manufacturer Provided Description

When it launched, the MCY 76 heralded a new benchmark for luxury and technological content and introduced Monte Carlo Yacht's timeless, elegant style to the world. The MCY 76 develops classic elements into a new boating vision that shuns vulgar ostentation for refined personality and maximum functionality.

The naval design that the MCY 76 introduced to the world and has become a defining trait of Monte Carlo Yachts is unmistakably refined and contemporary elegant and makes no concession to nostalgic retro fancies or aerodynamic excesses. Our signature style is evident both in the overall line of each boat with their iconic profile and the pulpit-less high flared bow, and in the details, like the original touch given to the portholes by reinterpreting the classic bull's eye. Like all Monte Carlo Yachts, the MCY 76's interiors are the result of a masterful blend of aesthetic design considerations and smart, cutting-edge production resulting. Whatever the layout selected by the owner one thing remains the same, the beautifully appointed spaces are designed for comfort and the spaces are large, almost incredibly so for boats in this size category.

Mechanical Disclaimer

Engine hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
