- New Garmin 8612 XSV (2)
- New 2kw Chirp Transducer
- Garmin Autopilot.
- Garmin Radar
- Garmin 50 watt VHF
- Sea Deck

Topaz and Bimini Marine

Topaz Boats was founded in 1974 in Maryland and specialized in rugged sportfishing boats for the East Coast market. Initially offering a 28' Center Console, Topaz followed this offering up with what would become a legendary 24' hull offered as Center Console, Express, and Cuddy Console.

Offering inboard power and rugged quality, Topaz expanded their line-up up to 39 feet. Always a limited production builder, Topaz produced roughly 500 boats until the financial recession of the 1990s ultimately ended their run as a quality producer of sportfishing boats.

In the early 2000s, Bimini Marine acquired the molds for some of Topaz's best models.

We are very fortunate to have available today one of the finest examples of the 24' Topaz courtesy of Bimini Marine.

This particular boat represents the complete evolution of a time-tested hull design, married together with the finest propulsion, electronics, and stabilization systems offered today.
