Manufacturer Provided Description

Sport boat styling and cruiser amenities make the Chaparral 265 SSi a one-of-a-kind dual-purpose offering. Move freely bow to stern thanks to molded dashboard steps, UL-approved non-skid, and a center transom walk-through. The optional activity platform extends the boat's reach. The cockpit galley includes a sink, ice chest, and pressure water. Unlike most in this size range, the 265 has an enclosed private head. The one-piece translucent cabin door allows light to pass through yet keeps prying eyes out. Ventilation is excellent thanks to opening ports and an oversized square deck hatch.
