## **Engine Options**

Mercury Verados

- 4 x 450R Mercury Verados- \$ 1,395,000.00

- 5 x 450R Mercury Verados- \$ 1,548,500.00

If White Engine Option, \$3,550 per Engine

## **Deck**

Bow, Gunwale & Hullsides

- Wide profile rub rail with stainless chafe profile
- Stainless steel continuous grab rail runs the length of the boat
- Large, inboard swinging, single-piece, dive door on starboard side with hidden fold-out diving ladder and handrail
- 10 stainless steel cleats

Bow Area

- U shaped seating
- Dual, aft facing, benches sitting two each
- 8 stainless steel cup holders around U-shaped forward sofa
- Weather tight storage boxes underneath each seat

Forward Lounge Area

- Wide lounge seat at front of center console comfortably seats three and features a centered foldable armrest and stainless steel cup holders
- "Zero gravity" ergonomic forming of the lounge increases comfort both underway and at port

Hardtop

- Unique, carbon-fiber composite, four-pillar, hardtop design provides dramatic aesthetics while also lowering the center of gravity of the vessel
- Wide, double curvature, frameless windscreen with clear laminated safety glass
- Mercury VesselView 903 and switching located above helm on the hard top
- Rigid Industries high output floodlights are integrated into the top for powerful forward

lighting

- Alt spoiler with signature Cigarette rise
- Boarding handrails on back of B pillar and underside of top provide easy access from high docks

Helmstation

Generated On 8/24/2025 2:32 PM by Babb Yachts

- All new floating instrument panel constructed from a solid block of aluminum and anodized
- Nano-coated instrument panel face which is resistant to heat, reflections and fingerprints
- RGB LED accent lighting around the instrument panel provides a distinct glow, creating the illusion that the dash is floating
- Wind doors on each side for added wind protection, constructed from carbon-fiber
- Ergonomically placed components and instrumentation Triple flush mounted Garmin 8617 multi functional displays
- Convenience space consisting of cup holders, phone holders, and a keeper tray holder Stainless grab-rails
- Ergonomic CNC machined footrest

#### Midship Storage

- Integrated fender storage in gunnels, with ability to store 4x 8" fenders
- Integrated trash receptacle in gunnel, with trash bag holder
- Shoe storage cabinet
- Forward combing boxes for additional storage
- Large floor storage located on both port and starboard side

#### HELM SEATING AREA

- Three seat helm seating, with central drivers seat
- Seat bottoms may be flipped up to form a bolster for more comfortable stand-up
- operation AFT

#### LOUNGE AREA

- Unique lounge arrangement with forward facing oversized L-shaped sofa and aft facing sofa
- Forward facing sofa has two armrests with integrated cup holders
- Eight cup holders are conveniently located in this area, including inside a recessed cubby by the L-shaped sofa
- Large machinery hatch gives full access to technical room below
- Storage box under port side L-shaped seating
- Flip down port side boarding step integrated into the combing pads

## **Interiors**

### CABIN - GENERAL

- Port-side access to cabin
- Redesigned luxury interior
- CNC cut wood cabinets
- CNC cut Corian countertop
- Stainless steel freshwater sink
- Electric head
- Polished towel and toilet paper holders

### CABIN LIGHTING

- Distributed, warm white, high CRI, ceiling spotlights are provided in the cabin

### CABIN - BED AREA

- Two passenger sleeping berth

## **Details**

### UPHOLSTERY & FLOORING

- Upholstery is in premium quality outdoor fabrics
- Diamond pattern non-skid

### EXTERIOR LIGHTING

- Digitally controlled RGB ambient lighting
- High power LED down-lights are installed in the hardtop for general and task lighting
- Red captains lighting for night tasks
- 3x underwater lights

## **Technical**

### CIGARETTE PREMIUM AUDIO BY JL AUDIO MARINE

- 6x 8.8" JL Audio M Series coaxial speakers, plus 2 x 12" and 1x10" JL Audio M subwoofers on deck
- 2,400 watts of Class D amplification
- Fusion Apollo network head unit
- 2x 7.7" JL Audio M Series cabin speakers powered by Apollo head unit

### DIGITAL SWITCHING & AUTOMATION

- State-of-the-art CZ one digital control and monitoring system

Generated On 8/24/2025 2:32 PM by Babb Yachts

- Control of almost every vessel function through several touch screen displays on the boat
- Single button "scenes" which activate preset conditions such as day cruising, night cruising, at the dock or entertaining
- Lighting, including dimming, can be adjusted across the boat with a single keystroke from any MFD throughout the vessel
- C Zone monitoring allows the operator to monitor water and diesel fuel (if optioned) directly and fuel level via the NMEA2000 network
- Automatic sequential engine starting with a single button push on the Garmin display
- Individual engine trim control through Mercury integration
- Manual bypass toggle switches for critical systems
- All digital switching output modules feature a two position
- Fuse holder that allows bypass of the output directly by moving the fuse to the alternate position for get-home capability
- Power source selection conveniently located in the main distribution panel
- Individual branch circuit breakers and monitoring boards are strategically located out of sight but within easy reach
- Circuits can be turned on or off from one or more of the Garmin MFD displays around the boat

#### ELECTRICAL SYSTEM DESIGN

- Split DC electrical system designed to protect the start battery pack and provide multiple power feeds for critical systems such as navigation
- Standalone engine starting and power steering circuits
- Automatic battery switches with manual paralleling
- House battery system designed to minimize weight and maximize powering of house loads
- Bilge pumps, drain sumps and the wireless remote to CZ one are all fed directly from the house battery bank with reset only circuit breakers so that these critical circuits can't be accidentally turned off
- House bank charging is accomplished by dedicated Pro Mariner 1260 battery charger
- 30-Amp shore power

#### LAMINATE QUALITY

- Hull and deck are vacuum bagged and use a highly optimized laminate schedule with vinylester resin
- Balsa cored hull and deck, foam cored hardtop
- Over 7" thick high density transom

#### MERCURY POWER & CONTROL

- Quad Mercury Racing or Mercury Verado outboards
- New VesselView UI

#### PAINT

- Painted hullside with bootstripe included

### **Included Options**
