13. **COMMENTS**

MAYBE blends modern elegance with excellent seakeeping abilities to offer an exemplary, luxurious cruising experience. The superyacht was meticulously built, paying careful attention to Owner and guest comfort. MAYBE accommodates 12 guests in six sumptuous staterooms. The full beam 100sq meter on-deck master suite is a sanctuary complete with private study, walk-in wardrobes and his-and-hers en-suite baths. The superyacht's additional staterooms are a soothing retreat for guests; they include an upper deck VIP, two double bed staterooms and two twin bed staterooms. The use of rich dark wood valances, light-coloured ceiling panels, neutral leather, suede and soft furnishings create a bright and relaxing ambiance.

MAYBE has a 6,500 nautical mile cruising range, offering limitless possibilities for cruising around the world - featuring an aft helipad, allowing one to easily arrive to the yacht in style, regardless of her location. After a day of fun on the water, the private cinema offers the perfect retreat to unwind while enjoying the latest Hollywood blockbuster movie. Allowing for easy mobility throughout the yacht, MAYBE features a four-deck elevator. MAYBE's sundeck features the ultimate in wellness and fitness - it is complete with a Jacuzzi offering stunning views, a sauna, massage room and gym. Additionally, the aft helipad can be used for yoga and other exercise classes.

MAYBE's tender garage is located on the side of the yacht. There is a covered garage on the bow for a rescue tender, jet-skis and toys, which creates an uncluttered beach club for guest enjoyment. The chic beach club is complete with a bar and stylish seating for relaxing right by the water's edge.

While MAYBE was launched in 2017, she has never cruised with Owners and is in need of final finishing touches, including some upgrades to her guest heads, soft goods, crockery, silver, serving and entertaining accessories and all other Owner supplied items as if she was a new build. Additionally she needs tenders and updating of her layout to comply with commercial regulations for crew cabins. The layout modifications are not extensive and will dramatically improve MAYBE's functionality and value.

KEY FEATURES

- Extremely large full beam master cabin with his-and-hers walk-in wardrobes and bathroom
