Location:	Dubai, Dubai		
	United Arab Emirates		
Price:	(\$10,513,082 USD est.)		
	€9,700,000 EUR		
Tax Status:	VAT Exempt		

Introducing the Pajot Custom Eco Yacht 90 Catamaran

The Pajot Custom Eco Yacht 90' is a revolutionary addition to the innovative line of Eco-Yachts, following the success of its larger counterparts, the 115' and 145' hybrid catamarans. This remarkable vessel is the result of a collaborative effort between Pajot Custom Yachts and the esteemed Italian shipyard, Wider, aimed at meeting the growing demand for sustainable yachts.

Exterior Features:

- Built with lightweight and durable aluminum for sustainability.
- Incorporates cutting-edge hull design for improved efficiency.
- Features an efficient sail layout with a boomless mainsail.
- Equipped with a retractable centerboard, allowing for shallow draft navigation.

Hybrid Power System: The Pajot Custom Eco Yacht 90 is a pioneer in eco-friendly yachting with its hybrid power system, which includes:

- An extensive array of solar panels covering 50 square meters.
- Cutting-edge electric propulsion technology powered by the in-house Wider Management System (WMS).
- In "hotel" mode, the yacht operates with no engine noise, vibrations, or CO2 emissions.

Interior Layout: The yacht's interior layout is nothing short of luxurious and customizable:

- A spacious full-beam saloon spanning 75 square meters, offering a 150-degree panoramic view from the galley.
- A dedicated home cinema area for entertainment.
- A panoramic master cabin with direct access to the private foredeck, complete with a private lounging area and jacuzzi.
- Customizable options allow for the creation of two cabins instead of one master suite.
- Two generously-sized VIP cabins, each measuring 20 square meters, are located on the lower deck, both featuring private beach club terraces with direct access to the water.

Project Visionaries: Marc Pajot and Marcello Maggi, CEO of Wider shipyard, are enthusiastic about this groundbreaking project, which represents a significant milestone in catamaran construction. Marc Pajot states, "This is the birth of a real E-yacht."
