intro

The 25 metre Settantotto is a grand exhibit, crafted with the utmost attention to detail; a concept of beauty that is both modern and classic, essential but not minimal...timeless. She has a fluid form without distinct edges, conveying a natural sense of balance. The design choices by Christian Grande - who worked closely with the Shipbuilding Research Centre- are not excessive, forced or aggressive. Yet this model exhibits the power that you can expect from any flagship. Her smooth and *muscular* forms are equipped to take on the sea in any condition: the perfect hull, a tall and splaying bow, and a pronounced gunwale.
