## **STEP ON BOARD YOUR NEXT ADVENTURE**

Mousetrap was designed to sail anywhere. And sail she has. In fact, she's been just about everywhere. Fast and powerful, she's crossed the Pacific and Atlantic oceans. Agile and shallow-drafted, she's cruised remote islands and shallow bays. And, with supreme stability, volume and a wide-open layout, made possible by her innovative carbon fibre superstructure, she's played host to a multitude of family adventures. Combining the comfort and livability of a catamaran with the poise and power of a sailing yacht, Mousetrap truly is one-of-a-kind.

But Mousetrap offers more than sailing. She offers a lifestyle never experienced before. From deep sea fishing to diving and wildlife encounters, Mousetrap offers access to some of the most remote and breathtaking parts of the world.

Listed for sale for the first time after a decade of cruising the world with a dedicated and attentive owner, Mousetrap has had no expense spared on her maintenance. And, with new engines, generators and sails, and all documentation up-to-date, she's ready to do it all again with someone new.

## **INTERIOR LIVING WIDE OPEN, SOCIABLE SPACES**

Thanks to Mousetrap's innovative design, with the mast held up by a carbon fibre arch, the interior has no posts or bulkheads, creating a vast, airy space with breathtaking 180-degree ocean views. With access to the sea at every angle, the modern, versatile salon is the social hub of the yacht, functioning simultaneously as a relaxation, dining or working area, with the help of state-of-the-art AV equipment, a bar and cosy recessed lighting. Mousetrap is fully equipped with the latest internet connectivity and 5G, ensuring you stay connected even while sailing the most remote locations.

## **FOUR FABULOUS CABINS**

Mousetrap accommodates eight guests in four comfortable cabins. The owner's cabin, accessed via its own staircase for maximum privacy, benefits from a VIP Queensized bed and ensuite shower room with his and hers sinks. There are two additional queen cabins in the port side hull, both with ensuite shower rooms and one with an additional pullman bed. The final guest cabin, also with a queen bed and ensuite shower room, is located in the starboard hull. Each of the cabins has a flatscreen TV with an integrated infotainment system.

## **EXTERIOR LIVING PORTAL TO THE WORLD**

Mousetrap boasts expansive deck spaces that elegantly envelop the main social area, facilitating effortless movement throughout the yacht. Towards the stern, a sheltered lounging space offers seamless indoor/outdoor living, with a dining table, large sofas, and a drop down projector for home cinema nights, while the bow offers easy access to the sea via a concealed ladder, as well as a secluded 6-person Jacuzzi. Set towards the aft of the yacht, the sun deck offers further opportunities for dining and relaxation, with plenty of room for the entire complement of guests.

## **OPERATIONS SEAMLESS SAILING. SUPER SERVICE.**

With a sail plan inspired from the multihull racing world, hydraulic winches and a very large gennaker, Mousetrap can cruise through the heaviest weather with ease. She boasts force-feedback steering technology and innovative screens built into the office area that show the sail loads, making the sailing experience reliable and enjoyable in equal measure. During her decade of cruising the world, Mousetrap has had no expense spared on her maintenance and is sold with new engines generators and sails. Moreover, with her annual maintenance program having been painstakingly perfected and documented by her owner and crew, Mousetrap promises reliable, no-stress ownership for any buyer.

Mousetrap can accommodate six professional crew in four crew cabins, with an ergonomic design that allows for top tier service without disturbing guests' sociability. The professional galley features a wine fridge and steam oven, as well as plenty of provision storage for trips off-the-beaten-track. She is sold with her 6.3m custom carbon fibre X-Tender, as well as a 5m crew tender and a collection of diving equipment and toys.
