9. COMMENTS

The spectacular Windy SR52 Blackbird is a luxury vessel ideal for use both as a high-end yacht tender or a sports cruiser to share with friends and family. The SR52 is powered with triple Volvo IPS600 diesel engines, as standard, and reaches speeds up to 46 knots. When unveiled, she took the Cannes Yachting Festival by storm and was rated best chase boat in the world by Superyacht Magazine.

Combining the exceptional design flair of Dubois with the second-to-none production capability, performance and build-quality of the Windy brand, the SR52 is unprecedented in its delivery of speed, style and comfort. Her elegance also makes an exquisite option for a fast weekender or day boat.

A well-equipped helm with ample space for twin GPS/plotter screens features three separate racing seats with three standing positions aft of the helm under the T-top. The walk-around deck offers a smart layout to easily walk from the raised foredeck to the cockpit seating and a large aft sun lounger. Through the helm is an entryway to the forward cabin. The cabin includes a convertible double berth, along with full head and shower.

The teak deck provides open walkaround access from the raised foredeck to the additional seating, sun lounger and hydraulic bather ladder aft - perfect for race spectating, swimming or picnicking at anchorage. Truly, a superyacht among tenders.

10. KEY FEATURES:

- 46 knots maximum speed
- Rated best chase boat in the world by Superyacht Magazine
- Exceptional interior by Dubois
- Convertible double berth with full head and shower
- US duty paid
