Short Description

The fifth hull of the Panorama 50m series is now available for Summer 2027 delivery. This innovative project has proven its exceptional market appeal with four units already sold in less than two years since its introduction. Crafted in high tensile steel with a light alloy superstructure, the 50-meter Panorama embodies timeless elegance through her clean exterior lines.

Gear Reduction

2 x ZF 3000 Series

Propeller

2 x FPP

Diesel Generators

2 x 118 eKW, 400 V 50Hz 3ph

Fin Stabilizer System

Underway and 'at anchor' condition (zero speed)

Bow Thruster

110 Kw tunnel electric

Classification

LRS: 100°1 SSC Yacht, Mono, G6, LMC, UMS
