Manufacturer Provided Description

Roll the throttles forward on the R260 and experience the unmatched power of a go-anywhere, do-anything fishing boat. Robalo's Hydro-Lift bottom design delivers whether you're battling whitecaps offshore or smooth water cruising to where they're biting. Tournament ready fishing extras include an oversized livewell, three large fish boxes, lockable rod storage, welded toe rails and a bait prep center. A Kevlar reinforced hull, complete stainless steel hardware and encapsulated foam flotation are the backbone of a fishing boat that emphasizes quality in a special way. When it's time to kick-back and recount the big one that got away, a removable dinette is standard along with a wraparound stainless steel grab rail, recessed stereo speakers and full backrest support. The premium sound system includes an AM/FM CD player, remote control, MP3 plug and an IPOD holder.

Dash/Electrical

- 110V Battery Charger/Maintainer
- 12V DC Receptacle on Dash
- 12V Downrigger Power Plugs (2)
- Direct Component Wiring with Buss Bars and Waterproof Ring Terminals
- Lighted High Speed Compass
