Detailed description

Designed by 4D Designs in collaboration with the Riviera design team and built in-house to our exacting standards on Australia's Gold Coast, the new 50 Sports Motor Yacht is a remarkable package. Offering all of the essentials you'd expect to find on a much larger yacht, including foredeck relaxation zone, walk-around side decks, all-weather alfresco mezzanine entertaining, spacious luxurious saloon with internal staircase to an enclosed air-conditioned flybridge and state-of-the-art helm. The generous three cabin/two-bathroom accommodation deck is bathed in natural light from tinted glass hull windows and features a magnificent full-beam master stateroom.

Engineering excellence matches her very sporty looks with real sports performance. The 50 SMY is available with a choice of two highly efficient power and drive options both with joystick controls – twin diesel Volvo Penta IPS950 or twin diesel shaft-drive MAN i6-800 engines. Both power packages deliver a smooth, quiet and efficient ride.

Finally, her wide, open cockpit enables all manner of water sports action. Owners have embraced this new and innovative design and we now have Riviera Sports Motor Yacht owners enjoying the Mediterranean, South-east Asia, the Caribbean, the South Pacific and the Whitsundays. Handcrafted in Australia to Riviera's renowned standards, the 50 Sports Motor Yacht is a uniquely specified craft that is truly in a league of its own.
