2023 LEOPARD 53 SOLAR POWERED CATAMARAN

Description

Succeeding the most popular powercat of all time (Leopard 51 Powercat), this Leopard 53 Powercat ushers in the 4th generation with a yacht that features all the attributes that made her predecessor successful, while reimagining what a powercat should be. With the space, stability, and efficiency expected of a catamaran combined with the comfort and luxury of a motor yacht, she is crafted with style without compromising on performance.

The Leopard 53 Powercat offers a modern interior with the comforts of home as well as plenty of outdoor entertaining space. Combined with the smart and economical advantages of the catamaran design, she is easy to maintain and operate.

The interior's atmosphere will entice, with cool tones and modern finishes. Offered in a three or four cabin layout, with the option for separate crew cabins. The three-cabin owner's version provided an at-home feel with a large, walk around bed, a walk-in closet and a double vanity.

The saloon offers large, panoramic windows, an L-shaped lounge to port and a 2-person settee to starboard with an option to add an interior navigation station. The flow is seamless with access to foredeck through the forward saloon door.

The galley is outfitted with a domestic-sized refrigerator/freezer, Staron® worktop surfaces, 4-burner stove, microwave oven, sink and faucet, and ample amounts of storage.

The flybridge provides a well-thought-out helm station with great visibility. Spacious seating and a large table allow for a great place to entertain family and friends and enjoy a meal with spectacular views.

Power Options offered can be all Solar Power or One Diesel Engine and One Solar Powered Motor for those looking for the option of more speed when desired otherwise she can run on just one solar motor.

We offer partial or full solar conversions on your inboard catamaran worldwide as long as there is access to a full professional working local marina. We can convert just the house or house and one or two motors.

- Range is Unlimited.
- 4 Cabins 4 Heads
- No Sun No Problem. Just start the diesel generator for a short time to fully charge the batteries that power the motors and everything else.
- Ocean Ecosystem Friendly
- Wildlife Friendly
- Hear the ocean not the engines. Super quiet ride.
- No exhaust odors
- Can be ordered as a Parallel Hybrid using 2 Diesel Engines and 2 Electric Motors. Two on each side so you can cruise on solar but have a higher top speed when desired. Additional \$50,000 option.
- Please contact us today for more information.

Financing Available for USA customers

We offer Solar Power Conversions on all pre-owned Power Cats 34 feet and up any place in the world starting at \$150,000 as long as there is a full service marina nearby. Please contact us today for more information.

Manufacturer Provided Description

The 4th Generation of Leopard Powercat

Succeeding the most popular powercat of all time (Leopard 51 Powercat), this Leopard 53 Powercat ushers in the 4th generation with a yacht that features all the attributes that made her predecessor successful, while reimagining what a powercat should be. With the space, stability, and efficiency expected of a catamaran combined with the comfort and luxury of a motor yacht, she is crafted with style without compromising on performance.

The Best of Both Worlds

The Leopard 53 Powercat offers a modern interior with the comforts of home as well as plenty of outdoor entertaining space. Combined with the smart and economical advantages of the catamaran design, she is easy to maintain and operate, and is up to 50% more fuel efficient than her monohull motoryacht counterparts.

The interior's atmosphere will entice, with cool tones and modern finishes. Offered in a three or four cabin layout, with the option for separate crew cabins. The three-cabin owner's version provided an at-home feel with a large, walk around bed, a walk-in closet and a double vanity.

The saloon offers large, panoramic windows, an L-shaped lounge to port and a 2-person settee to starboard with an option to add an interior navigation station. The flow is seamless with access to foredeck through the forward saloon door.

The galley is outfitted with a domestic-sized refrigerator/freezer, Staron® worktop surfaces, 4-burner stove, microwave oven, sink and faucet, and ample amounts of storage.

The flybridge provides a well-thought-out helm station with great visibility. Spacious seating and a large table allow for a great place to entertain family and friends and enjoy a meal with spectacular views.
