CADET V: THE AT-SEA LIFESTYLE

Innovation, efficiency and thoughtful design combine in a stylish package made for fun on the water. At 27m, Cadet V's carefully considered layout optimises the space to create an incredibly versatile platform for enjoyment. A true residence at sea, the yacht's variety of onboard areas cater to all requirements from formal entertaining to laid back lounging.

Cadet V's carbon fibre, epoxy resin semi-displacement hull facilitates low noise levels and fuel consumption, allowing for comfortable and efficient cruising. 25% lighter than other hulls in the same category and with eight times the stress resistance of a steel hull, the construction was strategically engineered for enhanced performance.

Presented in turnkey condition, Cadet V is ready for a new owner to cruise away.

INTERIOR LIVING: HOME AWAY FROM HOME

The chic interior is a home away from home. With bespoke details such as artwork by the renowned Lorenzo Quinn, and carefully selected materials such as blue and grey toned oak and customised blue palisander, the overall feel is contemporary and stylish. Huge windows throughout allow for a lot of natural light and a connection to the views outside at all times. Thoughtful considerations, such as the modular furniture in the salon, mean that the space is adaptable to suit the groups on board.

CABIN ARRANGEMENT: PEACE & QUIET

There are 4 cabins on Cadet V including a spectacular full beam master cabin, with lots of windows and a skylight which fills the space with natural light. It also has direct access to the private Owner's terrace on the bow; a large, secluded sunbathing and relaxation area with optional awning. The remaining guest cabins are located on the lower deck and comprise a full beam VIP cabin with walk in wardrobe and two guest cabins, all of which feature an ensuite.

EXTERIOR LIVING: VERSATILITY AT ITS BEST

Cadet V offers a variety of deck areas for socialising, relaxation and dining. Her versatility shines through. The large flybridge features a dining area which can be converted into a large sunpad, a bar and barbecue grill as well as fridges and an ice maker, meaning it's the perfect place to spend time soaking up the sunshine and views. Meanwhile there is another dining area on the main deck and a huge, private sunbathing space on the bow. When the stern garage is folded out, another deck area is created, transforming into an extended diving platform - the ideal launch pad for a cooling dip.
